## Bourne Brook Walkway and Harborne Walk.

(Approximately one hour.)

Start from "The Bell", Old Church Road, Harborne, Birmingham, B17 0BB.

Parking is available on the car park or surrounding roads. The walk also ends here with lunch or an evening meal depending when you started the walk! No special footwear is needed for this walk. The walk begins by walking to the right of "The Bell", towards St. Peter's Church and turning slightly to the right through an archway in an enclosed corridor which joins the Church to its Church Hall. After a few yards turn right and take the footpath down the hill through the old churchyard, and past Harborne Golf Course which is on the right. Continue following the path and you pass by some houses (Arless Way) and out on to Quinton Road. Turn Right here and go a few yards to Northfield Road. Turn left here and follow Northfield Road to the start of Stonehouse Hill where you will see the Bourne Brook Walkway clearly signposted. Follow this path and you will probably see the new QE Hospital in the distance. Towards the end of this footpath you will see the "Shell" garage where the exit to the footpath is. Just before the garage on the right is the Watermill J & I School. Exit at the garage and turn left up Harborne Lane, past a row of shops, and up Harborne Park Road, passing Grove Park, and on to Church Road. Passing Harborne Hall go through the archway to the graveyard and follow the path past St. Peter's Church and back to "The Bell" where you started.

For more information about this walk, Bourne Brook Walkway, St. Peter's Church, Grove Park, Harborne Hall, and some photos, please see the web site below:
